

Terms of delivery

Price of delivery

- Free delivery for orders from 62290 SEK (+25% Moms, ~77 860 SEK).
- For smaller orders delivery cost is 995 SEK first window and 395 SEK per unit for next windows (+25% Moms / per unit), (does not apply to HST doors, sliding systems and oversized structures) or with more than 10 windows.

Delivery terms

- The place of delivery is the customer's address or the nearest point where the truck can drive.
- Delivery is made to the curb of the agreed delivery point with unloading from the truck to the ground. The maximum dimensions of windows / doors with unloading to the ground are 2200 * 1300 mm (height * width or width * height).
- Larger windows / doors are delivered to the customer by truck, customer is responsible for possession enough people and equipment to unload larger windows, doors (including HST doors, systems sliding, and oversized structures) during delivery, as well as for safe unloading. In both cases, the customer should independently arrange the delivery of windows from the unloading site to places temporal storage.

Time of delivery

- The execution time is counted from the moment the payment for the order is credited. In the case of making changes to the order after receiving the payment, the delivery time is counted from the moment of approval of all details and receipt of the necessary surcharge for the changed order.
- If you order several items with different delivery times in one order, all items will be delivered within the specified maximum delivery time.
- If you choose a structure that cannot be made in terms of production technology, we will inform you immediately. In connection with the above, the delivery period begins when you confirm changes to the order, but not earlier than after receiving the payment.
- The delivery date will be announced by phone and e-mail at least 7 days before the delivery date. The delivery time is set within 8 hours. The customer has no right to refuse to accept windows on a specific date / time.
- The delivery time depends on the type of product ordered, color, type of glass, etc. Information about the delivery time is provided to the Buyer in the Seller's response, referred to in §3, section 9, point a) of these Regulations.
